

Smart Marriage: Using Your (Business) Head as Well as Your Heart to Find Wedded Bliss

By Allen M. Parkman
Hardcover - September 2007
Praeger
200 Pages

In an unusual take on choosing your spouse and managing your marriage, Dr. Parkman looks at marriage from the practical side. Because no-fault divorce means your spouse can end the marriage at any time, he advises viewing your relationship much as you would view a business venture with a partner. Attraction and love are not enough to insure success.

If you follow his excellent suggestions for sizing up a prospective mate, you should find his advice about managing the shared work of marriage, making career decisions, and raising children very helpful.

Target audiences:

engaged, married, life partners, traditional, same-sex, happy, troubled, abusive, Christian, Jewish, Muslim, Hindu, Buddhist, Catholic, childless, parents, empty nesters

No religious content. Author is an economist, lawyer, professor emeritus, and father, married for 30 years.
